Little Rock AR 72203 – 0896
Phone (501) 682-7191 Fax (501) 682-1103 Web Site – <http://www.state.ar.us/dfa/>

LEGAL PROVISIONS, PRODECURES, AND EXPLANATIONS:

According to Act 344 of 1995 and pursuant to a referendum held February 9, 1996, effective August 1, 1996, the following changes in the Arkansas Research and Promotion Program will occur.

- The Producer will be assessed an amount of 1.35 cents (\$0.0135) per bushel to be collected at the first point of sale for purposes of funding research.
- The buyer of rice at the first point of sale will pay an assessment of 1.35 cents per bushel (\$.0135) on all rice grown within the State for purposes of funding promotion market development.

(Please note that since the above gives the board the authority to set the rate assessed to the producer for research at any level to one and one-half cents per bushel, the board acted to authorize a rate of 1.35 cents (\$0.0135) effective July 1, 1999.

- The CCC will not participate in the collections from rice entering USDA loan programs.
